

Electronic Egg Grader 42,000 Eggs Per hour

- 1- Egg accumulator/orientor
- 2- Candler and scale section
- 3- Exit gates with 3, 4 and 5 levels
- 4- Receiving table per level
- 5- Egg conveyor per level
- 6- Manual packing table per level
- 7- Automatic packer "Packer One"
- 8- Take away conveyor with shelf

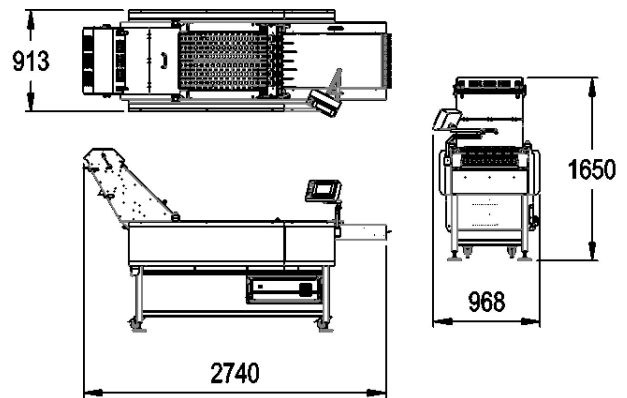

Grade	Percentage	Eggs Per Hour	Cases Per Hour	Level Assignment	Packer Assignment
Large	18.00%	6,480	18.00	Nivel 2	Linea Empacadora Auto. 2
Medium	65.00%	23,400	65.00	Nivel 1	Linea Empacadora Auto. 1
Small	10.00%	3,600	10.00	Nivel 3	Mesa Manual 2
Pewee	1.00%	360	1.00	Nivel 4	Mesa Manual 4
Jumbo	2.50%	900	2.50	Nivel 4	Mesa Manual 4
Dirt	2.00%	720	2.00	Candler	Take out in Candler
Cracked	1.50%	540	1.50	Candler	Take out in Candler
Totals	100.00%	36,000	100.00		

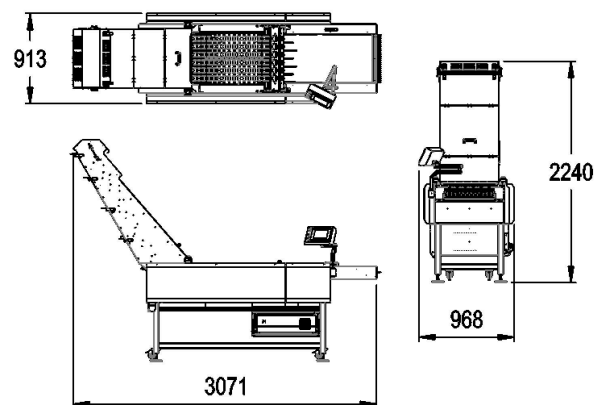

General Characteristics

- **Capacity:** Up to 42,000 Eggs per hour
- 6 Row wide grade
- Egg grading available for 3 to 6 sizes according to the number of levels acquired
- 3 Levels = 3 to 4 grades
4 Levels = 4 to 5 grades
5 Levels = 5 to 6 grades
- Scale precision: 0,1gr of tolerance
- All metal parts made of 304 stainless steel
- 7" touch screen for easy operation and control of grader
- Candler for cracked, broken and dirty eggs
- Easy cleaning due to its removable modular design
- Straight forward design with no complicated transfers or basket conveyor for softer and better handling of eggs
- Designed for easy operation, maintenance and parts usage to reduce production costs
- Grading reports can be stored
- Electrical consumption: 0.75 kW + 1kw (conveyors)
- Requires a minimum of 4 bar pressurized air

Level Options

3 Levels (3-4 Grades)

5 Levels (5-6 Grades)
